Dear Rich:

Thank you for your time and courtesy Friday.

We appreciated the opportunity to meet you, let you know a little about Cerro Copper Products Co., our history, what we do, and, in general, how we approach things.

As the environmental problems of the Metro-East area become more clearly defined, we would like to continue to discuss them with you as they may apply to our property.

As I indicated, Cerro is willing to participate in remediation of such hazards as may be determined to exist on our property, if mutually acceptable methods can be found.

Again, thank you for your indication of willingness to work with us.

Very truly yours,

CERRO COPPER PRODUCTS CO.
